

THEOPHILUS THOBEJANE

Junior Software Developer

Kempton Park, Gauteng | thobejanetho@gmail.com | +27 66 360 3021 | Available Immediately | Fluent in English & Afrikaans

PROFESSIONAL SUMMARY

Recent ICT graduate (Advanced Diploma) with practical experience in full-stack development and database design. Strong academic foundation in Java, SQL, and web technologies (HTML/JavaScript). Developed production systems handling document verification, automated workflows, and database management. Located near Edenvale (Kempton Park) and available for immediate in-person start.

TECHNICAL SKILLS

Languages: Java (academic & practical), JavaScript, HTML5, SQL, Python, PHP (basic)

Databases: PostgreSQL, SQLite, database design & normalization

Web Technologies: Node.js, Express, REST APIs, JSON, web scraping

Mobile Development: Android development fundamentals (Java/Kotlin)

Tools & Methods: Git version control, Agile/Scrum (IBM certified), MVC architecture, session management

Relevant Experience: Document verification workflows, risk assessment algorithms, automated processing systems

PROJECTS & PRACTICAL EXPERIENCE

Vehicle Verification & Risk Assessment Platform | *Before You Sign*

- Developed 7-step document verification workflow using Java-style OOP principles in Node.js
- Implemented SQL database architecture (PostgreSQL) with audit trails and relational integrity
- Created risk scoring algorithms with weighted confidence calculations
- Generated cryptographically signed QR codes linking to immutable vehicle records
- Relevance to TSS: Direct experience with vehicle verification logic applicable to fleet management systems

Enterprise Database Systems | *Axiora AI & JobTrack*

- Designed multi-tenant database schemas using SQL with foreign key constraints and CHECK constraints
- Built RESTful APIs with JavaScript/Node.js (transferable to Java Servlets/Spring)
- Implemented session management and security protocols (HMAC authentication)
- Experience with SQLite (file-based DB) and PostgreSQL (enterprise DB)

Academic Projects (University of Mpumalanga)

- Java-based applications development (ICT Diploma curriculum)
- Database management systems coursework (SQL, normalization, queries)
- Web development projects (HTML, CSS, JavaScript)

EDUCATION

Advanced Diploma in Information and Communication Technology (Applications Development)

University of Mpumalanga, Mbombela | **Completed: November 2025**

Diploma in Information and Communication Technology (Applications Development)

University of Mpumalanga, Mbombela | **Completed: December 2023** | **Formally Awarded: 3 May 2024**

Certifications: IBM Applied Data Science with Python, IBM Agile Explorer (Scrum/Kanban), IBM Data Fundamentals
